PROPOSED OVERSEAS BRANCH FOR TIME OF WAR
SUBCOMMITTEE ON MILITARY PERSONNEL AND EVALUATIONS

OSD & DOS review(s) completed.

20 January 1948

1. To determine what functions of the overseas branch of the proposed organization for national psychological warfare in time of war will be undertaken in the United States and in overseas theaters of operation by personnel of the Military Antisubversive Act; and to establish Tables of Organization and Equipment (TOE) and personnel as may be determined for these functions.
2. To determine the extent to which civilian personnel will be utilized in the overseas branch of the proposed organization for psychological warfare in time of war:
 - a. In offices in the Continental Americas;
 - b. In overseas theaters of operations;and to define their functions and anticipated instances in which these may require appointment to rank; and establishing tables of Organization under civil service classifications or equivalent where appropriate.
3. To determine command and administrative functions, procedures and channels between various echelons of the proposed personnel agency warfare agency, including the definition of the relation of civilian authority to military authority, with explicit reference to DABCO 304/6.
4. To determine the feasibility of a domestic information branch of the organization for national psychological warfare in time of war; the activities of such an organization; its scope and authority and its relation to the overseas branch of the

- in time of war, in addition to procedures outlined in AFDD 3 M/1.
12. To determine the character and organization of a psychological warfare organization in headquarters' staffs of theaters of operation in time of war, its relation to headquarters staff sections; its position in headquarters organization; and its relation to the office of the Director under the terms of ENRCC 304/1 as revised by ENRCC 304/2, and 304/6.
13. To determine methods and procedures for setting up studies and evaluation of technical equipment (i.e. leaflet buses, balloons, air-dropping devices, and other devices) for use in psychological warfare in time of war and recommending to ENRCC the designation of an ad hoc Committee composed of suitable personnel to make such studies and evaluations and to make recommendations to the AFADL Establishment.
14. To determine the official language of an Executive Order creating a national organization for psychological warfare in time of war (or threat of war as determined by the President), under the terms of ENRCC 304/1 as revised by ENRCC 304/2 and 304/6, and such other approved conclusions and recommendations of this Bureau listed as may be relevant to such Executive Order.
15. To determine the preliminary estimates of funds for establishing and operating a psychological warfare organization in time of war in a form suitable for inclusion as a budget estimate in any appropriation bill for National War Agencies for submission to the Congress.
